EQSIS

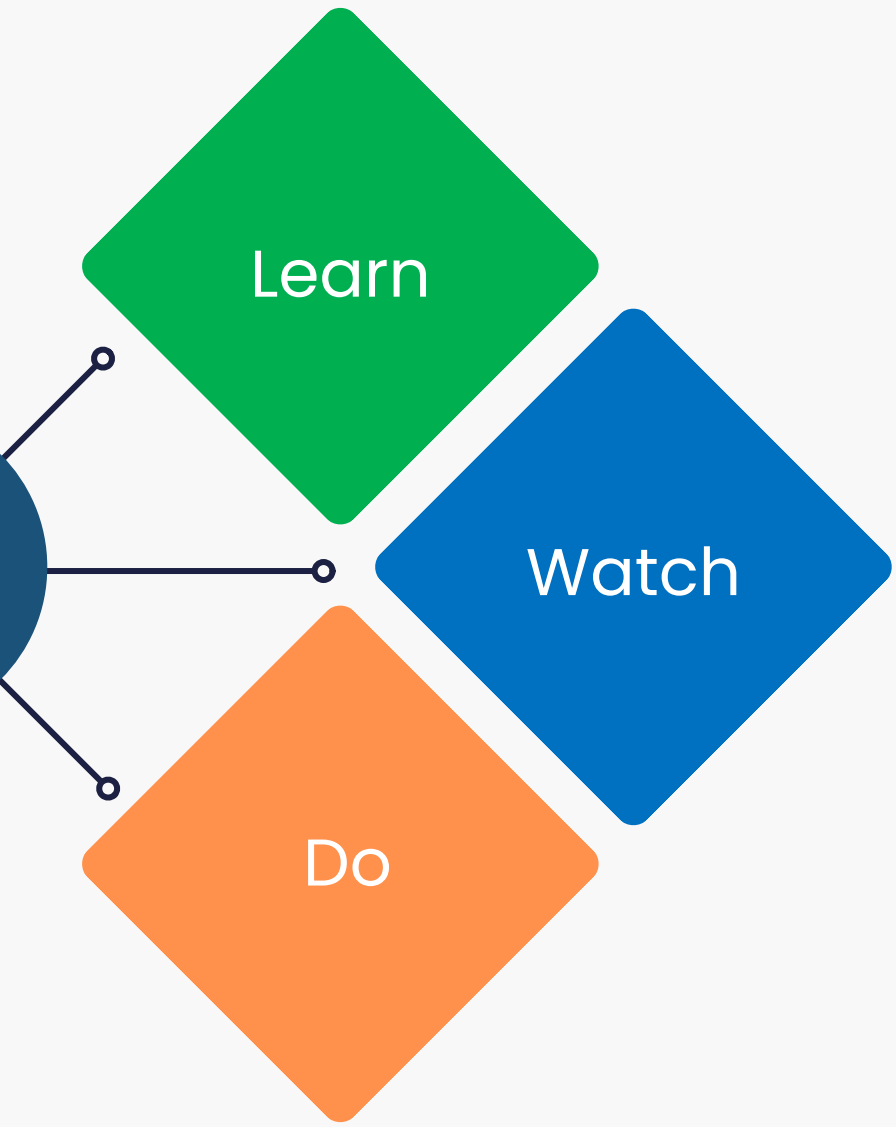
DAILY PROTOCOL



01

First 30 Minutes

Concept Lecture

Each day begins with a focused session on a new concept, providing a strong theoretical foundation.

02

Next 30 Minutes

Practical Demonstration

Observe how we apply the concepts in real-world scenarios to understand their implementation clearly.

03

Last 30 Minutes

Perform Tasks

Apply the learned concepts through practical exercises. This could involve real-world scenarios.

Infrastructure & Requirement :

- We provide access to essential software, scanners, filters, and simulators for hands-on learning provided by us.
- Online clients require their own laptops, stable internet connectivity, and access to Google Meet or Zoom for live interactions with trainers.

R.Vinoth Kumar, Reviewed at Google Maps

This is the first time I have attended a class in this format and wondered how effective it would be. It was very effective. I was not sure what to expect because the class was taught remotely, but I was quite impressed with the entire process especially the practical session after every class. the actual physical space was private and quiet and very conducive to learning!

Thank you. I cannot express how great the instructor was and the overall content of the class.

I am delighted to share that the Thirty Day Master Trading Course was exceptionally effective. Thanks to this course, I am now fully confident in my ability to trade with success. I would highly recommend this course to anyone looking to enhance their trading skills. Thank you for providing such a valuable resource!

It has been a splendid experience with EQSIS. I opted for Classroom experience which was quite the way to absolute learning environment. Classes were conducted on very sophisticated environment with a great hospitality.

The Structure of the course and Practice session after each classes through their sophisticated platforms and simulators assures confidence on your learning curve.
